

3 - 5 Newsletter from Mrs. Arnold

January 21, 2019

Hot Lunch – Hot lunch will be walking tacos served on Friday at a cost of \$2.00.

ReadnQuiz - This quarter I am requiring all students to complete some ReadnQuiz points. This means they will need to read some books and pass some quizzes. Grades 3 and 4 will need 5 points and grade 5 will need 10 points. This could mean reading just 2 books in about 2 months. If your child has a hard time remembering the beginning of a book by the time he gets to the end, he should read an easier or shorter book. Quizzes may only be taken at school.

Science Fair - Last week the packets of Science Fair information were passed out. I will be going through the scientific method and doing an experiment later this week. If your child is having a hard time finding an experiment by Friday, they can have next week as well to find something. The schedule with the packet is just a good idea to keep the students on track and at a good pace to be successful. Also try to let your child choose something they are interested in, not something you are interested in or that you think is easy. Keep them on track, get them supplies, but let them do the work. (Although, you are allowed to say something is too messy or too expensive.) If you have any questions, please contact me.
