*Some wood pencils have their colors and design as plastic wrap that can be removed. This plastic wrap gets stuck in pencil sharpeners. Please avoid these pencils.

**Keep in mind that mechanical pencils are an extra level of responsibility. The student must be able to fill and keep track of their small pieces of lead.

Thank you for providing for your child the supplies as requested. The specific supplies are important for our classroom procedures. Color-coded supplies are so students can stay organized, and other specifications are so that we can have some class-shared supplies. I'm excited to see your family soon at Registration Night!
