

3 – 5 Newsletter from Mrs. Arnold

Tuesday, May 28, 2019

Hot Lunch – Hot lunch will be the picnic on Friday, May 31. If you have not signed up on Signup Genius, please do so. All school families are invited to the picnic. We will start eating about 11 am. Students will be dismissed at 12 pm. The buses will run that day.

Graduation Service – Everyone sings at the graduation service on Thursday, May 30, at 6:30 pm.

Xtra Math – I sent home flyers for 3rd and 4th grades for doing Xtra Math during the summer. I strongly suggest the everyone do this and get really fast at their math facts.

ReadnQuiz – If your child wants to take quizzes during the summer, they may. Make sure to go to our special part of the website by using this URL: <http://readnquiz.com/home.aspx?id=1480>.

READ – Over the summer, everyone should read every day. This will help everyone, whether they struggle with reading or excel at it. If a child struggles, reading every day will help them maintain their reading level and add to it. But if they don't read every day, they will definitely lose progress they have made during the year. To check comprehension, just ask your child to tell you what is happening in their story. If they understand what is happening, they will be able to tell you.
