### Thai Village Matching Funds

Following our presentation by Pastor and Mrs. Krohn about the Thai Village, they encouraged us to send in our mission offering for the month of September so it could be included in a matching funds program. We sent in the \$193.95 we had collected so far. Over the weekend, Mrs. Krohn informed us of the success of the matching funds drive for the month of September. They had a goal of reaching \$25,000 which would then be doubled. They were able to meet that goal, and then because of the generosity of some supporters, that amount was actually **QUADRUPLED** for a total of \$100,000!! This gift will help Thai Village to buy land where they will build training facilities, a church and outreach spaces! We will continue to collect our mission offering for Thai Village until the end of the first semester and then send in that amount to help them reach their goal! Thank you for your support through your Friday mission offerings.

**THANK YOU!**

## **Mission Offering**

Our first semester mission offering will be going to the Thai Village, Inc, a nonprofit organization that works with artisans in Thailand (Southeast Asia) to support economic self-sufficiency and Christian education. To learn more about this exciting organization and their history and connection to our WELS mission work in Thailand, please visit their website at [thaivillage.org](http://thaivillage.org) **Mission offerings will be collected during our chapel service on Fridays.** Last week we collected **\$39.00** bringing the **restart** of our total semester offering to **\$39.00**. Thank you for your heartfelt gifts.

*2 Corinthians 9:11 – You will be made rich in every way so that you can be generous on every occasion, and through us your generosity will result in thanksgiving to God.*

## **Fire Prevention Week**

Next week, October 9-15, is Fire Prevention Week. The Grover Porterfield Fire Department will be visiting our school on Wednesday, October 12 at 9:15 am to help the children learn more about fire prevention and safety. It is so important to practice fire safety measures at home, having preparedness plans in place and checking that smoke and carbon monoxide detectors are working properly. The Professional Fire Fighters of Wisconsin have provided us with a fire safety newspaper we are sending home with the children. Please take a moment to read through the newspaper for important tips on making your home safe.
