Today is National Bologna Day!

Each year on October 24, people across the nation make a sandwich to take part in National Bologna Day. This would be a good day to have a bologna sandwich for lunch.

- Bologna is derived from and is somewhat similar to the Italian mortadella (a finely hashed/ground pork sausage) that originated in Bologna, Italy.
- Bologna can alternatively be made out of chicken, turkey, beef, pork, venison or soy protein.
- Bologna Bowl – When a slice of bologna is heated, the fat renders and the round slice takes the shape of a bowl which may be filled with cheese or other fillings.
