## The Cardinal Chronicle

October 4, 2018

We had a great day at the Peshtigo Historical Day parade this year. The 3rd - 8th grades and some parents passed out more than 1,000 water bottles with our church and school information on them. What a blessing that we are able to reach out to our community in this way. Thank you to everyone who came!

Today is National Taco Day!

Tacos are loved and eaten by millions each day in either hard or soft shells with a variety of fillings.

- Last year Americans ate over 4.5 billion tacos.
- The word taco is the Mexican equivalent of the English word sandwich.
- One of the first taco trucks is thought to have started in New York when in 1966 two New York housewives operated an early version of the taco truck.
- Taco Bell actually started in 1954 as a burger stand. They started selling hard tacos eventually, because they were in a Hispanic neighborhood.
