January 21 - 27 Page

Hot Lunch

Hot lunch for tomorrow is Hot Dogs and Mac n' Cheese given by the Teteak family for Jaxen's half birthday. The cost is \$2.00 and will be donated to school.

Mission Offering

Our new mission for the 1st semester is Kingdom Workers and a new project they have, Reading Gardens in Indonesia. These Reading Gardens will be used to improve literacy, but their greater purpose will be to introduce children and their families to their Savior. Their goal is to develop at least 14 Reading Gardens.

\$300 - Purchase and transport of one bookshelf

\$500 - Shipping of books

\$700 - Training of local volunteers

\$1,500 - Books for one library

\$3,000 - A complete Reading Garden

Last week's mission offering was **\$47.75**. Our total for the 1st semester is **\$672.58**.

Tomorrow is the last day to give to this mission project. We will be collecting for the Central Africa Medical Mission in the 2nd Semester.

Thank you for your generous gifts!

A new Financial Peace University class will be starting in January. Classes will be on Mondays at 6:00 PM starting on January 21st. Go to <https://fpu.com/1081209> to

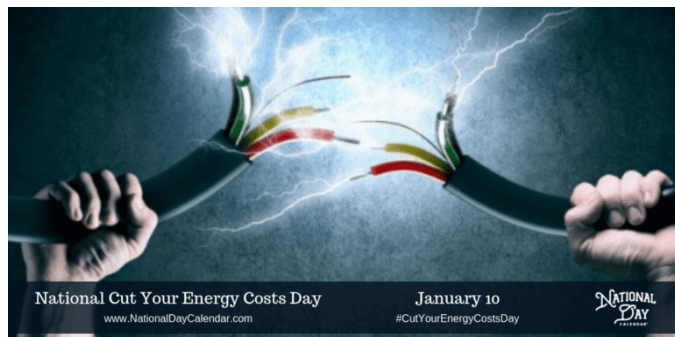

register. The cost of tuition for this 9-week course is \$109 and includes all the necessary materials. Please contact Lance List at 715-927-5478 if you have any questions.

St. John will be closed for inclement weather when either Peshtigo or Coleman school districts are closed. It does not have to be both. Listen for closings of either Peshtigo or Coleman school districts. A *Remind* message will be sent out to announce our closing. This applies to delays as well.

Today is National Cut Your Energy Costs Day!

Scheduling an appointment to get your heating system tuned up, would be one of the many ways to participate on January 10 for National Cut Your Energy Costs

Day. Did you know that tuning up your heating system can save you up to three to ten percent?

National Cut Your Energy Costs Day encourages people to look for ways to reduce energy costs and save on their energy bills.

It is often in the little things that you do that can save you big money on your energy bill, such as:

- Weatherproof your home
- Replace old windows with new energy-efficient windows
- Replace old furnace with new energy-efficient furnace
- Properly maintain furnace
- Use solar heat if possible
- Turn down thermostats
- Turning off lights when leaving a room
- Use energy-efficient compact fluorescent light bulbs
- Run dishwasher and washing machine only when fully loaded
- Lower water heater temperature

- Take shorter showers
- Unplug unused appliances
- Carpool whenever possible

The above list is just a few of the many ways to conserve energy. Use these tips, along with others you may already have in practice. Many are available online and you will be able to create energy and financial savings the entire year.

Did You Know?

- Studies show that traffic and air pollution are to blame for 12% of heart attacks worldwide.
- Astronomers think Neptune may have oceans that are made up of liquid diamonds.
- China has the most donkeys in the world, about 11 million.
