Today is National Men Make Dinner Day! National Men Make Dinner Day is observed annually on first Thursday in November. This is the day for men to take charge in the kitchen and cook for their loved ones. This day was created for the

men who do not know their way around the kitchen and are not familiar with cooking appliances, as well as for the women in their lives who need a break.

There are a few rules to follow:

- The main meal must include a minimum of 4 ingredients and require at least one cooking utensil other than a fork.
- The man goes shopping for all necessary ingredients.
- Clean up as you go.
- Aprons are optional.

Fun Facts

- About 98% of the thoughts you have each day are the same thoughts you had the previous day.
- Tigers and house cats have 95.6% similar DNA.
- An ostrich egg equals 24 chicken eggs, and can feed 12 people breakfast. They weigh about 3 pounds.
