Today is National Cappuccino Day!

A nice hot cup of cappuccino is perfect on a frosty morning, meeting with friends or just to enjoy a creamy cuppa.

- Traditionally prepared with espresso, hot milk, and steamed-milk foam, a cappuccino is an Italian coffee drink.
- The word cappuccino comes from the Capuchin friars and is the diminutive form of *cappuccio* in Italian, meaning hood or something that covers the head.

Fun Facts

- Around 40 billion coffee cups are consumed each year. Despite the enormous number of coffee cups, tea is the #1 most consumed beverage.
- Cloud leopards have spots on their fur that look like clouds.
