## YAD DRAWKCAB LANOITAN

January 31st honors everything backward. National Backward Day is an opportunity to reverse our ways, our direction or simply our shirt. Dessert for breakfast,

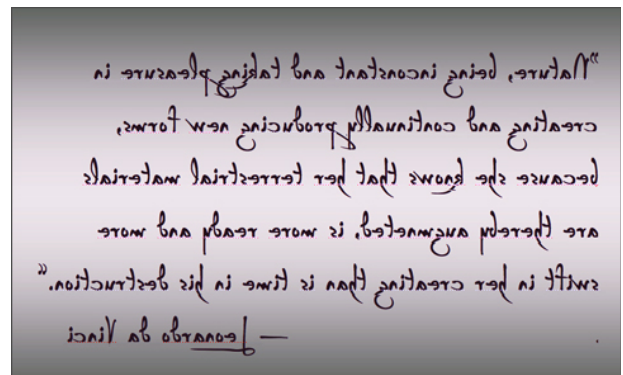

perhaps? There are many ways to celebrate this fun day, so just let your imagination be your guide.

This day is very popular with school-aged kids, but there is no age limit on who can participate in all of the backward fun.

Did you know?

- Leonardo da Vinci wrote backward. Not only did the artist and inventor write from right to left, but he also wrote his letters backward.
