### School Cleaning

April 8 - 14                      Maedke

April 15 - 21                    Hurley

April 22 - 28                    Hurley

### Spring Registration Forms

If you have not yet returned your spring registration form please do so as soon as possible. This will give us an idea of how many children to plan for in 2019-2020.

### Hot Lunch

Hot lunch for this week will be Hot Dogs and Mac n' Cheese donated by the Behke family for Adelaide's birthday. The cost is \$2.00.

### Mission Offering

Our mission for the 2nd semester is the Central Africa Medical Mission. The Medical Mission is a program in which WELS or ELS health care professionals can use their God-given abilities to spread His love in a different area of the world. This ministry is a tremendous benefit to the Lutheran Church in Central Africa and our fellow sisters and brothers in Jesus. Pastor Sargent was involved with CAMM during his time in Africa.

Last week's mission offering was **\$30.25**. Our total for the 2nd semester is **\$396.95**. Thank you for your generous gifts!

### Science Fair

The school Science Fair is tomorrow from 2:00 - 3:00 and 5:00 - 6:00. 3 - 8 projects will be judged in between.

### Good Friday Schedule (April 19)

On April 19th (Good Friday) students will be dismissed at 12:45 to go with their parents to the Good Friday service which starts at 1:00. If there are any parents that are not able to be here their children will go to the church service and sit with their teacher. Buses will not be running that day. If your child needs to stay at school after the service to be picked up later, please let Mr. List know.

### Entertainment Night

I just wanted to thank you again for the love and support that you gave to our students and your school on Entertainment Night. It was such an amazing night. Offerings toward the bucket raffle totaled more than \$3200!

### ACT Testing Next Week

Next week we will begin our ACT Testing for 3 - 8 grades. Here are some tips for preparing your children for testing.

1. Make sure they get a good night's sleep.
2. Give them a good meal in the morning before school.

If students are absent during any of the testing days, arrangements will have to be made for them to make up their tests after school.

Today is National Pet Day!

While loving our pets is something we do every day, National Pet Day encourages us to pay special attention to pets who may not get that extra attention. Helping out orphaned pet companions will improve their health and enhance

their opportunities for adoption.

Sometimes their human companions aren't well. Making sure their forever furry friends are receiving the best of care will help relieve stress and worry.

National Pet Day is an excellent time to do a few checks for your pets.

- Go through your furever family member's toys. Throw away any items that are no longer safe.
- Maintain your pet-friendly home. Keep cords and toxins secure from your four-legged friends. This includes phone chargers.
- Verify when vaccinations are due and schedule an appointment to update if they are due.
- Check collars to ensure tags are secure and numbers are current. We sometimes forget to update this information when we move or change numbers.

A camel gulps down its food without chewing. Then it spits the food back up to chew it.

The largest alligator ever found in Florida was 14 feet long. The heaviest one weighed more than 1,000 pounds.

Hummingbirds are the only birds able to fly backwards.
