### Cross Country

Students in grades 3-8 are eligible to participate in Cross Country. There will be a Meet at Fox Valley Lutheran in Appleton on Monday, September 23 (grades 3-8) and at Lion's Park in Greenville on October 7 (grades 4-8). Students will have a little time to practice their running at school but they will be responsible for the majority of it on their own.

A permission note was sent home today to those students who expressed interest in joining cross country.

### Peshtigo Historical Day Parade

On September 28th we will be participating in the Peshtigo Historical Day Parade. Our spot in the parade is Line 1 Spot 20 on Wood Ave. Everyone from school is invited to come and be a part of the parade with us.

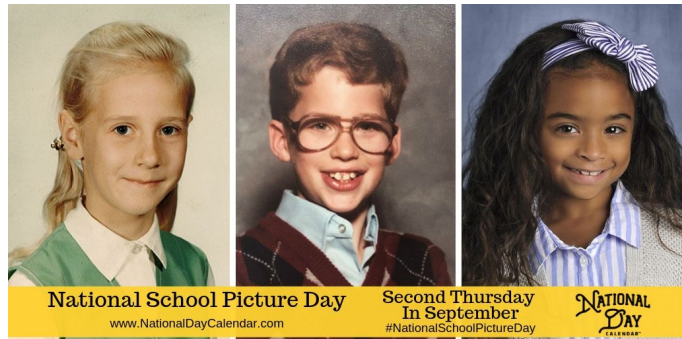

Today is National School Picture Day!

On the Second Thursday in September, National School Picture Day reminds us to put on our best smiles.

Picture Day creates memories that last a lifetime. Not only that, but the day makes moms and dads radiate

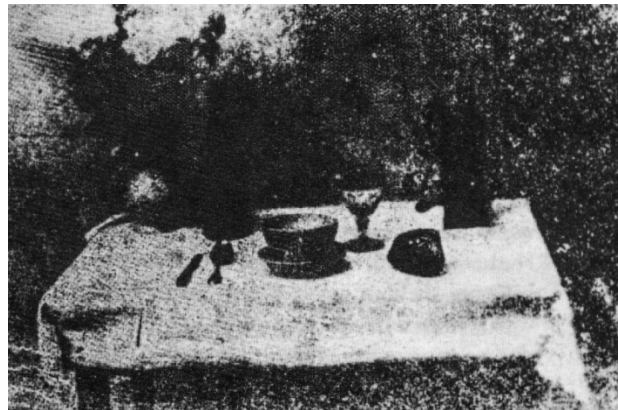

with pride and joy. Whether they capture the first toothless grin or the start of adolescence, school pictures are a tradition dating back generations. They mark time, much like the hash marks on a growth chart. By graduation day, families bring their children full circle. A complete collection of pictures chart their children's primary and secondary school years.

Our school picture day is Monday, September 30. Ordering information was sent home today.

Did you know?

- The very first snapshot in the history of photography is considered "View from the Window," dated 1826. The exposure of the shot lasted 8 hours. That's the picture to the right.
- The first color photograph was taken in 1861.
- According to statistics, at present, only 2 of 10 images taken with digital cameras are printed on paper.
