Registration Email

We are testing our online registration tool for PowerSchool. On January 19th you received an email with instructions on how to input data for your 17-18 student. **This is NOT registration for the 18-19 school year.** This is just a practice run so we can see how the forms work and what changes will be necessary before opening up the 18-19 registration. You will be asked to enter a lot of the data that we have already, but this is necessary this first time to create a baseline for the registration tool. If you come across things on the forms that are confusing or should be worded differently, I'd love to hear from you. Send me an email directly at school@stjohnpeshtigo.org. Thank you for your willingness to help us get this tool ready to go for 18-19!

LPS Tournament Information

The LPS Tournament information was sent out last week to those 5th – 8th graders that are interested in participating. Please read this information carefully and return the needed information in a timely manner.

Did You Know?

Today is National Opposite Day.

National Opposite Day is a day to have fun all day long saying exactly opposite of what you really mean. This day has kids rejoicing everywhere. It is also a great day for adults to play along and break out of the winter blues. Maybe we should have dinner for breakfast and breakfast for dinner!

Sponge Bob Square Pants even got into the act, with an episode containing the whimsical nature of this day.

To get the most juice from lemons or limes, put them in the microwave for 30 seconds as it will help the citrus juice flow more easily.
